DETAILED ACTION

Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 2-8, 1, 9-14, drawn to a method and system for charitable donation management and reporting, classified in class 705, subclass 1.
 - II. Claims 15-17, drawn to a method for allowing an organization to update a website, classified in class 705, subclass 10 or 26.

The inventions are distinct, each from the other because of the following reasons:

2. Inventions I and II are unrelated. Inventions are unrelated if it can be shown that they are not disclosed as capable of use together and they have different modes of operation, different functions, or different effects (MPEP § 806.04, MPEP § 808.01). In the instant case the different inventions are not disclosed as capable of use together and they have different scope and modes of operation or have different effects.

For example:

claim 2 (9 steps from (a) – (i)):

(a) receiving ...

(i) collecting transaction data concerning the donor, ... by the donor.

Vs. claim 15 (4 steps from (j) – (m)):

(j) accepting ..

(m) storing the data provided by the organization at the other website.

3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art because of their recognized divergent subject

Art Unit: 3629

matter, restriction for examination purposes as indicated is proper. Examination all of the existing distinctive claims is a serious burden for the examiner.

4. A telephone call was made to the Attorney's Office on 3/28/2005 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

5. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
